Five Reasons to Attend AFSUMB 2024

3-Days Program

packed with the latest information

Specially-Invited Lectures

by world-renowned speakers

High-Quality Scientific Sessions

with the latest research findings in various fields of Ultrasound in Medicine and Biology

Oral & Poster Presentations

on wide-ranging Ultrasound in Medicine and Biology topics

Joint Symposiums

with the Vietnamese Society of Ultrasound in Medicine (VSUM) and Mongolian Society of Diagnostic Ultrasound (MSDU)

Special Invited Speakers

Congress Lecture

May 9 (Thu), 2024 | Auditorium

Lecture Title

AI in Breast Imaging

Sudhir Vinayak

Aga Khan University Hospital
Kenya

Jisan Lecture I

May 10 (Fri), 2024 | GBR 103

Lecture Title

Simultaneous and Multimodality Imaging of US and MR

Iwaki Akiyama

Doshisha University
Japan

Jisan Lecture II

May 10 (Fri), 2024 | GBR 103

Lecture Title

Overview in AI Applications to US Imaging

Won Jae Lee

Sungkyunkwan University School of Medicine
Korea

Highlight Sessions

Congress Lecture & Jisan Lecture

Lectures given by the field's most esteemed professors will help audiences gain a valuable insight into the future of global Ultrasound in Medicine and Biology.

Categorical Course

These courses will offer essential and practical knowledge.

Special Focus Session

Participants can share trends and learn about the latest advances in specific topics with eminent speakers from around the world.

Young Investigator Award Session

Abstracts of the highest standard will be presented during these sessions. These abstracts have been selected through stringent evaluations by expert reviewers.

Interactive Case Review

This session will offer helpful and practical information for students and young doctors who will lead the future of Ultrasound in Medicine and Biology.

Hands-on Session

World-renowned experts will offer extraordinary training opportunities to participants, to help them gain the high-quality skills needed to practice medicine in the fields of Genitourinary, Thyroid, Head & Neck.

Hot Issue Session

Experts will share the latest research results and hot issues in the field.

The KSThR & KSTU Satellite Symposium

Participants can gain high quality information on the latest thyroid ultrasound technologies and therapeutic ultrasound.

Workshop (AI, CEUS, SWE/Att Imaging)

Meticulously-chosen presentations by field experts will be presented at this workshop, offering a comprehensive opportunity to grasp both the basics and applications of cutting-edge ultrasound technologies, encompassing AI, CEUS, and SWE/attenuation imaging.

Awards

Submit Your Abstract and Win an Award!

Abstract Submission Due Date February 19 (Mon), 2024

The Abstract Submission System is scheduled to open in November 2023.

International Grant Award (USD 500)

Awarded to all overseas presenters of abstracts that have been accepted to be presented onsite at the Scientific Session, Scientific Exhibition (E-poster) or Ultrasound, the Best (Informal Scientific Presentation). The award is given only once to the presenting author regardless of the number of accepted abstracts or co-authors.

Ultrasound, the Best Award

Awarded to the top 3 Informal Scientific Presentation presenters based on peer reviews.

Ultrasound, the Best Award (3 Winners)
